Full-Stack Javascript Developer | Next.js | MERN

I am a dedicated full-stack JavaScript developer with four years of experience in self-directed learning and hands-on project development. My expertise lies in crafting immersive and functional websites and applications, with a primary focus on React, particularly utilizing Next.js for enhanced performance and scalability. I am passionate about staying updated with the latest industry trends and technologies to deliver high-quality solutions to complex problems.

Experience

Full-stack Javascript Trainee

Udacity | Oct 2020 - Mar 2021

- Engaged in a comprehensive training program focused on full-stack JavaScript development.
 - Participated in hands-on projects, including:
 - web-journal-app: <https://github.com/maheraladdin/web-journal-app>
 - Landing-page-Project: <https://github.com/maheraladdin/Landing-page-Project>
-

Projects

Arees

- Full-Stack Expo Tourism application.
- Build using Expo SDK 50 with the new Expo api routes.
- <https://github.com/maheraladdin/Arees>

Miro Clone

- Full-Stack Next.js application
- <https://github.com/maheraladdin/miro-clone>
- <https://miro-clone-eight.vercel.app/>

Discord Clone

- Description: This is an awesome full-stack Discord clone. It has features like authentication, channels, Real-time messaging, and more.
- <https://github.com/maheraladdin/discord-clone>
- <https://discord-clone-production-635e.up.railway.app/>
